## great for

Moving loads of sand, tiles, wood, bags and sacks, concrete, bricks, limestone blocks, rolls of turf, paving slabs, farm feed, general debris and much more

## why muck-truck?

Fits through tight spaces and narrow doorways

Balanced weight distribution for easy turning and tipping

Angle of tip of bucket means it completely empties – no need for manual shovelling

Sump guards protect transmission from large obstacles damaging the underside

Easy to steer – you don't need professional qualifications to use

Easy to attach **muck-truck** accessories to suit any job, no tools required

Can climb up to a 30 degree slope

Easy to service with easily accessible parts

Highest standards of international manufacturing, workmanship and finish

Designed and constructed to be hard working and durable – the **muck-truck** will carry your load for years to come

Made in the USA 

**Carries and moves almost anything, easy to unload and fits through tight spots**

# muck-truck accessories

Make your job even easier with one of **muck-truck's** easy to attach accessories. Accessories fit all **muck-truck** models.

## flatbed

Got an awkward load that doesn't fit the bucket? The flatbed replaces the bucket to carry oversized loads with ease. Pots, slabs, cement bags, ornaments, nothing is too hard.

## tow hitch

Need to move a trailer, caravan or boat? Let **muck-truck** do it for you. Attach the ball tow-hitch and with traction **muck-truck** will pull a powerful 1.4 tonne.

## ramp

**A must for builders.** The loading ramp lets you safely load your **muck-truck** onto a truck or dump into a skip bin. Easy one person assembly. The ramp folds flat for transport.

## hungry boards

**Bulk up with hungry boards.** The bucket extension sides give your **muck-truck** bucket 30% more load capacity. Great for compost, manure, bark, mulch, hedge cuttings, logs and more.

### STOCKISTS
